MINISTRY JOBS TO STAY - OUELLETTE

Great news for Michael Starr building employees and community

(Oshawa) – The people of Oshawa will receive good news today from an agreement that will secure jobs for all employees at the Ministry of Finance’s Michael Starr building in downtown Oshawa.

“In light of the additional 8% cost to all Ontarians from the implementation of the controversial HST, there is good news to be announced this afternoon for the 1271 employees at the Ministry of Finance”, declares Oshawa MPP, Jerry Ouellette.

The Oshawa MPP has brought this issue to the attention of the Premier and former Minister Bryant and was assured that Oshawa workers would be dealt with in a proactive manner.

“I am very pleased”, adds Ouellette. “This is an extremely significant announcement for our downtown which will generate a positive impact across our whole community”.
